

POCKET UNIVERSE COUNTERS, SET #1. These counters mark your place in a top view. The two arrows show which way the character is facing. And remember... Pocket Universe: "It's Just What You Need!"™

1. Print this file out on a printer.
2. Pencil in clothes, hair, etc. as desired. Players can make their own.

4. Erase the pencil lines.
5. (Optional) Photocopy onto heavy card stock.
6. Color with pencils, markers, watercolors, or watered-down Acrylics. (If you did the photocopy step, you will have extra backup in case you mess up, plus, watercolor will stay within the lines very nicely.
